#### NPR

- >Supreme Court blocks, for now, new deportations under 18th century wartime law
- >In a brief order, the court directed the Trump administration not to remove Venezuelans held in the Bluebonnet Detention Center "until further order of this court."
- >ACLU warns hundreds of Venezuelans face immediate deportation under Alien Enemies Act despite Supreme Court decision
- >A recent Supreme Court ruling instructed the Trump administration to give migrants being deported under the Alien Enemies Act due process. The ACLU says a group of migrants in Texas have been given less than 24 hours.
- >Head Start advocates brace for possibility of Trump eliminating funding
- >A Trump administration document, cited by news reports, proposes eliminating funding for Head Start, which is dedicated to early child care services. An advocate says the move would be "catastrophic."
- >Judge blocks mass layoffs at CFPB in the latest twist over the fate of the agency
- >Thousands of federal workers would be easier to fire under Trump rule change

>The Trump administration is moving forward with efforts to make it easier to fire some federal workers, as part of its push to both shrink the federal government and exert more control over it.

>History shows revoking Harvard's tax status won't be easy – or fast

>A presidential effort to revoke Harvard University's tax-exempt status could run up against a number of challenges, including violating federal law.

>'Lab Leak,' a flashy page on the virus' origins, replaces government COVID sites

>The new page emphatically promotes a theory that many scientists question. Meanwhile, basic information about COVID testing and vaccines has disappeared.

>30 years later, Oklahoma City bombing survivor recalls vow to change her life while trapped

>Amy Downs was buried in 10 feet of rubble after the Oklahoma City bombing 30 years ago. While trapped, she vowed to change her life, but it was long journey.

>Nearly 300 scientists apply for French academic program amid Trump cuts in U.S.

>Nearly 300 U.S.-based researchers have applied to one program that promises "scientific refugee status" for those fleeing Trump's academic funding rollbacks.

>VA officials acknowledge the need for privacy for telehealth therapy

>The VA looks like it is changing course on a plan that would have threatened the privacy of veterans receiving mental health care via telehealth, according to documents obtained by NPR.

>How FDA cuts could make the food and drug supply less safe

>While Food and Drug Administration inspectors who make sure food and drugs meet quality standards were spared in recent cuts, key support staffers were dismissed.

>Mass layoffs gut CFPB as its leaders declare most of its staff 'unnecessary'

>In declarations to federal court, CFPB employees describe a hasty process to eliminate most of the agency's staff. "[A]ll that matters is the numbers," one employee said they were told by leaders.

>Ukraine sanctions 3 Chinese companies as tensions between Kyiv and Beijing rise

>The sanctions mean the companies will not be able to do business with Ukraine and any assets they have in the country will be frozen.

>Huckabee arrives in Israel as new U.S. ambassador and visits the Western Wall

>At the Western Wall, one of Judaism's holiest sites, Mike Huckabee said he'd brought a note with a prayer for peace handwritten by President Trump, who had instructed him to insert it into the wall.

>Judge orders new limits on DOGE data access at Social Security Administration

>A federal judge in Maryland granted a preliminary injunction that bars DOGE staffers from accessing non-anonymized personal data at the Social Security Administration.

>The NHL Stanley Cup Playoffs begin Saturday. Here's what to watch for

>One top seed has never won a Stanley Cup. The other wasn't expected to make the playoffs at all. And a pair of brothers who burned bright for Team USA in February are set to return to the ice.

PBS

>Trump moves to reclassify federal workers, making it easier to fire them

>President Trump advanced his plans to make it easier to fire tens of thousands of federal workers. He said he would move forward with a rule, previously known as Schedule F, allowing agencies to quickly remove employees from critical positions.
